NEW GOVERNOR—NEW SENATOR

On Monday Governor A. B. Chandler resigned his position as Governor and Lieutenant Governor Keen Johnson became Governor in his stead. After the oath of office had been administered to Governor Johnson he appointed citizen A. B. Chandler to become the Junior United States Senator from Kentucky. On Tuesday Mr. Chandler presented himself on the floor of the United States Senate with his credentials and was promptly sworn in as Senator and assumed the duties of his office.

The relationship between A. B. Chandler and Keen Johnson during almost four years of intimate public service has been very pleasant and both from natural but unforeseen circumstances have been rewarded for their helpfulness to each other, oftentimes in rather trying circumstances.

NATIONAL P.T.A. SPEAKER

Miss H. A. Spaulding of Hazard had arranged with our P.T.A. president, Mrs. C. K. Stacy, for a national speaker, Miss Frances S. Hays, a specialist in P.T.A. work, to speak at the Methodist church last Wednesday.

A number of teachers and parents were present in the forenoon, but only a few were able to attend in the afternoon.

Miss Hays is an able speaker and understood her work thoroughly. Literature was distributed. She insisted that each officer understand her duties. She discussed the objects for which P.T.A. is organized. The work of the parents and the work of the teachers was discussed. While she did not condemn the P.T.A. for trying to earn money to help the school, Miss Hays insisted that money be a minor aim, that it be kept in the background.

Miss Hays spoke of child character building and of the high ideals of the P.T.A. She said: "Keep up the high standard of the P.T.A. Do not let it trail in the dust. By all means, do not forget the spiritual side of the child. Every child in school should be in Sunday school. Write for leaflet on Character Building and for Recreation leaflet."

The school band, Prof. C. L. Reeves, director, and the fourth to seventh grades glee club, Mrs. Lewis, director, furnished music.

OCTOBER BIRTHDAYS

Mr. and Mrs. W. O. Blair have five members of their family, children and grandchildren, who have birthdays in October. They are Asa Blair and daughter, Pauline, Boyd Blair and wife, Kathleen and son, Robert Lee.

Business and school activities seemed to prevent getting them together for a fine dinner. Wednesday they invited all their children, Asa, Stanley, Boyd and their families, also Misses Thelma Black and Bessie Williams over to spend the evening.

The five mentioned were surprised with a large angel food cake decorated with lighted candles. The following plate lunch was served: Sandwiches, lemonade, cookies, cake, Dixie cup, and homemade candy.

All had a happy social hour together.

SEWING CIRCLE MEETING

The Cannel City church of God Sewing Circle met with Mrs. J. W. Benton Friday, October 6. Songs sung were, "Whiter than the Snow" and "What A Friend We Have In Jesus." Mrs. Benton read as the devotional the 5th chapter of Ephesians. Prayer was offered by Mrs. Arthur Gathman.

Present were: Mrs. W. J. Terrell, Mrs. Cleve Stacy, Mrs. Clyde Wells, Mrs. W. T. Stamper, Mrs. M. C. Dunigan, Mrs. Malcolm Walton, Mrs. J. W. Benton, Mrs. Arnel Patrick, Mrs. J. D. Benton, Mrs. Walter Howard, Mrs. Lennie Patrick, Miss Bertha Lacy, Mrs. M. H. Ferguson, Miss Gladys Benton, Miss Daisy Lacy, Mrs. Velmar Benton, Mrs. Francis Benton, Mrs. Arthur Gathman, Mrs. Chalmers Benton and Mrs. Willard Benton.

After the regular business session much work was accomplished on the quilt squares.

During the social hour the hostesses served delicious refreshments, consisting of sandwiches, cookies, iced tea and coffee.

We adjourned at a late hour declaring Mrs. Benton a wonderful hostess. Next meeting will be at the home of Mrs. M. G. Dunigan, Friday, October 20.

NOTES AND COMMENTS

The making of speeches is often a waste of time.

One form of insanity is to attempt to argue with a nut.

A hunting accident is just as fatal as an airplane bomb.

Intolerance involves a refusal to admit that you might be wrong.

Smart men seek the truth rather than a reputation for smartness.

Birthdays have a habit of slipping up on your best friends, unawares.

The individual who has nothing to do in life has no right to enjoy life.

Hitler is all for peace with Great Britain and France, but upon his own terms.

Everybody is for fair play unless it involves the surrender of a privilege.

For ourselves we would like to see more news that is not connected with the war.

Somebody, with sense, says that the best way to beat a bad idea is to advance a good idea.

Unselfishness will do a lot to build up any community and West Liberty is not an exception.

When the people of a nation fall for foreign propaganda there is something the matter in that nation.

Just because an individual is a success in one line is no reason why he has any intelligence in another.

When somebody tells you what somebody else says it is just as well to remember that reporters sometimes get things mixed.

When a nice young man and sweet little girl get together, these autumn nights, we are willing to bet that they do not spend their time talking about the war.

CHRISTIAN CHURCH

Bible school each Sunday at 10 a.m. Preaching service by Pastor, Dr. G. C. Banks the second and fourth Sundays in each month at 11 a.m.

BIG REUNION

The Lewis family reunion and home coming held at Wrigley, on Sunday, October 8, was a very successful affair with several hundred Lewis's present. Morgan and adjoining counties furnished more than 90 percent of the big crowd. Steps were taken to make the meeting an annual affair.

The Lewis family is one of the pioneer families of the county, is rather clannish and loyal to the name. We hope they will have many more successful reunions.

Both the candidates for circuit judge in this district, Jesse K. Lewis and Roscoe Littleton attended the meeting and of course had a glad hand for every one.

FOR COUNTY COURT CLERK

Elder R. H. Ferguson of Dingus, while in town Monday, told us that he would be a candidate for County Court Clerk at the regular primary election at the expiration of the present term.

Mr. Ferguson is the son of H. C. Ferguson, a nephew of Franklin Lykins of Caney, and his grandmother on his father's side was Elizabeth Cash. He has been a traveling salesman for fifteen years. Is sixty-two years of age. He is an excellent scribe, has hundreds of intimate friends scattered over Morgan county. His announcement will appear in the Courier before election. We bespeak for him your careful consideration.

Prisoner at the Bar

A temperance drama equal to and in some respects superior to "Ten Nights in a Bar Room" will be presented in the West Liberty High School Auditorium tomorrow night at 7:30 p.m. The cast will include Walter J. Hoshal, Rev. B. H. Kazee, Clyde Smith and Frances Penix. Given under the auspices of Rowan County Temperance Organization. No admission charge.

LADIES AID MEETING

The Ladies Aid Society of Cannel City Union church met with Mrs. J. D. Whiteaker, September 14.

Members present for this delightful meeting were: Miss Oma Zornes, Mrs. J. D. Whiteaker, Mrs. G. W. Leslie, Wilma Faulkner, Mrs. D. P. Peyton, Mrs. A. E. Sebastian, Mrs. W. T. Stamper, Miss Sallie Minor, Mrs. M. P. Briscoe, Mrs. Asa Carter, Mrs. V. C. Burton and Mrs. Inez Donovan. Visitors were: Rev. and Mrs. Kenneth Clay, Mrs. C. K. Stacy of West Liberty, Mrs. Clarence Sebastian of Middletown, Ohio, Mrs. J. D. Benton and Mrs. Cleve Stacy.

Songs sung were "Come Thou Fount" and "Happy Day." Mrs. Whiteaker read as the devotional 2d chapter of Acts. Prayer by Rev. Clay, a special song was sung by Mrs. Leslie and Mrs. Peyton, "List to the Voice." Rev. Clay gave a very interesting talk.

There was no work, as this was our first meeting to have Rev. and Mrs. Clay with us and the afternoon was a social affair.

Members of the aid surprised Rev. and Mrs. Clay with a pound party. Members who could not be present sent packages. Mrs. Asa Carter with very fitting words presented the basket. Rev. and Mrs. Clay expressed their appreciation.

During the social hour the hostesses assisted by Mrs. Inez Donovan served delicious refreshments of fruit juices and wafers.

Mrs. C. K. Stacy dismissed with prayer. After a delightful afternoon we adjourned to meet with Miss Oma Zornes, October 12.

She leaves to mourn her passing three daughters, Dora Cottle of Dehart, Ethel Crowch of Middletown, Ohio, a dalso one son, Boyd Bays, of Yocum, a number of grandchildren, a host of relatives and friends. At the age of sixteen she gave her heart to the Lord. No greater testimony can be given than she loved the Lord. She was known by all her friends and neighbors as a grand old lady.

We all mourn her passing. We will miss her here but I know she has left this world to wait in Heaven for those below. CONTRIBUTED

It's the Record That Counts

During the past four years of Democratic rule at Frankfort the state general fund and road fund debt has been reduced from

\$29,482,064.68 to
\$ 9,012,356.49.

THIS REPRESENTS A TOTAL DEBT REDUCTION FROM DECEMBER 1, 1935, to JUNE 30, 1939 (the end of the present fiscal year) of

\$20,469,708.20.

The General Fund debt, represented by outstanding warrants against the Treasury, was reduced from

\$22,185,599.23 to
\$ 6,965,156.84.

The Road Fund debt was reduced from

\$ 7,296,465.45 to
\$ 2,047,199.64.

Despite the huge debt reduction program, more money has been paid out by the State for schools, old age pensions, charitable and penal institutions, and other agencies than at any time in the history of the Commonwealth.

THIS UNPARALLELED RECORD RECOMMENDS THE DEMOCRATIC PARTY TO ALL KENTUCKIANS INTERESTED IN GOOD GOVERNMENT.

Don't stop the march of progress . . . vote the Democratic ticket on November 7.

FARMERS' COLUMN

THE FARM AND HOME

In culling pullets, keep those with broad, deep heads; bright, prominent eyes; long, deep, rectangular bodies; strong, parallel legs; stylish carriage and active disposition. Sell those with long, slim heads; dull, sunken eyes, and short, shallow bodies.

A dairy cattle authority says that a Jersey heifer should weigh 250 pounds when 6 months old; a Holstein heifer, 365 pounds; Guernsey, 267 pounds, and Ayrshire, 287 pounds. These weights are considered the minimum for good growth.

Poached Egg Recipe: Scald milk to the simmering point in a shallow skillet. Drop in eggs and hold at simmering temperature until the eggs are white and jelly-like and a film is formed over the yolk.

Free choice of salt for sheep after they gradually become accustomed to it is better than salting once a week. If sheep are deprived of salt too long, they may overeat of it and get salt poisoning. Coarse barrel salt is preferable to block for sheep.

Four-H Club health rules for care of the eyes: Do not read in insufficient light. Do not read or study with a bright light directly on the book or paper. Do not read while riding in an automobile. Do not read while lying down.

A survey of 559 farm women showed that they worked an average of 61 hours a week. This included 23 hours preparing meals, 9 hours caring for the house, 5 hours laundering, 5 hours mending and sewing, and 2 hours making purchases.

As winter approaches, farm women should remember that milk is one of the best protective foods for children. A quart a day usually is not too much for either children or adults though the latter may prefer just a pint. Most children like milk, but if they do not they may take it as custard, or with a little chocolate added.

MACHINERY COST

Following a survey of profits in five Kentucky counties, the farm economics department of the State College of Agriculture reported, in part: "Labor, power and equipment expense represents a large proportion of the total farm expenses and should be given careful consideration by all farmers. In too many instances these costs are cutting too heavily into profits. Good care of equipment, such as painting, keeping in repair, oiling, and keeping under cover as much as possible, cannot be stressed too strongly.

"The place of equipment on farms

is a big factor in profits. Before buying a piece of equipment the purchaser should consider whether it will pay for itself in one way or another. In most cases, expensive machinery cannot be justified on small farms."

Health Methods Taught

First-aid practices, care of the sick, characteristics of such diseases as diabetes and blood stream infection, diet in health and disease, and other facts are taught in the home economics department of the University of Kentucky College of Agriculture. Young women who have had the course, which is called "Health of the Family," are better able to look after the health of their own families.

APPLICATIONS FOR PAYMENT

Applications for payment under the 1939 Soil Conservation Program are being prepared for farmers to sign before being sent to Washington for payment. Applications can be prepared and sent to Washington for payment before October 31 for only those who have already earned all their soil building goal.

A notice is being sent farmers who are eligible to sign their application as soon as they are prepared. So there will be no need to call at the office to sign application until you receive a notice. These are being worked before October 31 in order to help prevent a rush just after the 31.

ELECTIONS

General election of county and community officers of Agricultural Conservation Associations for 1940 are to be held in Kentucky's 120 counties during the month of October the State A. A. A. office at Lexington announced today.

Dillard Murphy, Chairman of the County Committee of the Morgan County Agricultural Conservation Association, said today the State AAA office has approved October 12, 13, 14 as the dates for 1940 community elections in Morgan county.

Elections will be held in Morgan county at the following places: West Liberty 9 A.M., Thursday, Oct. 12; Ezel 11 A.M., Thursday, Oct. 12; Wrigley 2 P.M., Thursday, Oct. 12; Cannel City 11 A.M., Friday, Oct. 13; Grassy Creek, 2 P.M., Friday, Oct. 13; Lenox 9 A.M., Saturday, October 14; and Dingus 11 A.M., Saturday, Oct. 14.

Eligibility provisions of the Articles of Association in regard to officers of the community and county organizations will be discussed at the opening of the meetings, and duties of officers and delegates will be explained.

Nominations will be made orally and votes for the nominees will be cast by written ballot.

Each community group will elect seven local representatives in the following order: Delegate to the county convention which will elect county committeemen, alternate delegate to the county convention, chairman of the community committee, vice chairman of the community committee, third regular member of the community committee, first alternate community committeeman and second alternate community committeeman.—YANDAL WRATHER, County Agent.

BUYERS WARNED

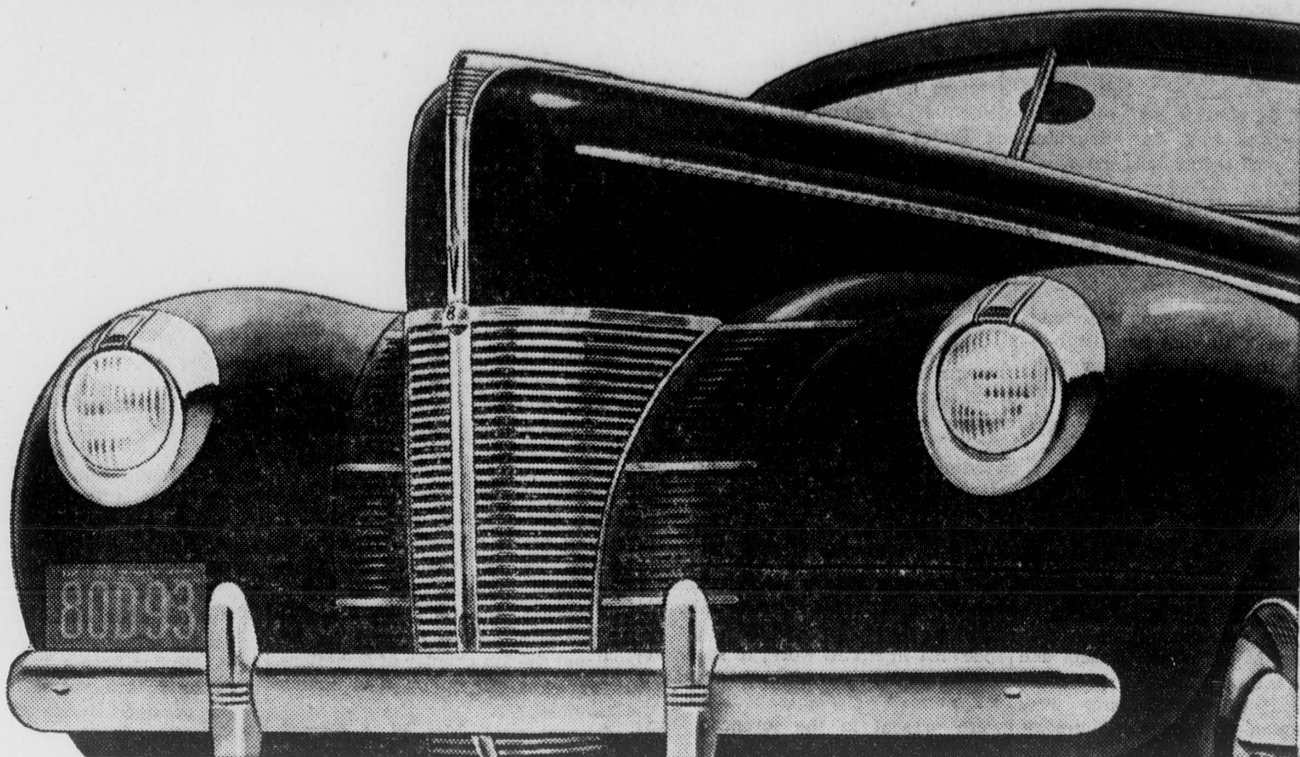

Home owners and others who at this time of year purchase shrubs, trees and other nursery stock will be interested in the following warning, published by the Kentucky Agricultural Experiment Station in its annual report on nursery inspection and certification:

"A valid certificate of inspection or permit issued by the State Entomologist of Kentucky is your best assurance that the nursery stock you contemplate buying is free of insects and diseases, and that you will not only be protecting yourself but your neighbors as well by not bringing into your community some new plant pest. This applies to nurserymen and home owners alike.

"If purchases of nursery stock from other states are contemplated, it is well to investigate the locality from which the stock is to be shipped to be sure no new pest is involved and that the vicinity in which the nursery is located is free from state or federal quarantine. An inquiry to your State Entomologist or to the proper official in charge of inspection and regulation in the state in question should bring the desired information. This is doubly important if the nursery stock is to be shipped with roots in soil.

"It is strongly urged that peddlers of nursery stock who cannot show a permit issued by the State Entomologist of Kentucky be treated with suspicion because the favorite way of disposing of nursery stock which will not pass inspection or stock from nurseries located in section under quarantine is to load it on trucks and ship to other states to be peddled to unsuspecting glib owners at greatly reduced prices."

Chit-Chat

We realize that this is the first few weeks of school and that we should be started off right, but why so many tests?

Since we are having a glee club—why did Wanda Ferguson refuse to sing? We are wondering!

We extend our deepest sympathy to the Juniors and Seniors, seems as tho they are always fussed at by the teachers.

Of course when you see Hortence there is Bishop, but when you talk to Elda it's, "Where is Bob?" We won't tell you said it, but when Lillian Nickell, Melovee Ferguson and Billie Howard get together, we are due for a little noise.

Bar Fixes Meter's Length

The length of the meter is permanently fixed by a bar of iridium-platinum alloy, kept at Sevres, France.

The first month of the European War ended Saturday night with apparently decisive results upon the eastern front. The independence of Poland as a nation seems to be ended. Reports from Berlin are to the effect that the surrender of Warsaw took place on Friday, September 29. Unofficial advices from Europe indicated that the intentions of the victors is to divide the territory between them as earlier reported, drawing the boundary north and south along the Vistula. During the week, since the fall of Warsaw and the end of Polish resistance was hourly expected, interest centered in the future intentions of Russia with respect to the lands which 25 years ago had been part of the Russian Empire of the Tsars, Rumania's province of Bessarabia and Finland, Estonia and Latvia.

Russian negotiations during the week seemed to have forced Estonia to agree to terms which will practically put her foreign affairs, her trade and her ports on the Baltic, under Russian control. What resistance, diplomatically, Latvia and Finland can make, even together, seems to be more problematical than that which Poland offered. Apparently Russia is free so long as the French and English resistance occupies German attention in the west to remake the map according to her own desires. The future relation of Germany and Russia will depend undoubtedly upon the discretion which Stalin may use in pressing his demands at the present time. At the moment it would appear as if Russia, without any ma-

terial expense or loss, has already obtained the better part of the spoils of the war to date.

Reports are further to the effect that Turkey and Rumania are anxiously carrying on negotiations at Moscow. Should Turkey agree permanently to remain neutral, all chance of the French and British operating through the Dardanelles and into the Black Sea would be ended.

Reports from Berlin indicate that Hitler is brewing another peace offer, inviting Italy as a neutral to join in a conference to end the struggle on the basis of German and Russian accomplishments to date. Information from London is to the effect that preparations there and in Paris are for a long war.

The French official reports state that some local advances have been made upon the Saar front, with increased activity in the air. Many engagements of the air forces appear to have taken place when opposing air fleets, making observation flights, have met. British troops seem to have been moving without interference, steadily and regularly, across the Channel into France.

Claims by Germany that they had scored direct hits in air attacks on the British fleet have been denied by London. Submarine attacks have continued with many sinkings of British and neutral vessels reported. In rest has centered in the reported sinking of several Scandinavian vessels during the week. Reports of naval engagements at the entrance to the Baltic Sea have been denied by both sides. So far as reports during

the week go, it may well be stated that all has been quiet along the western front.

The absence of date of any major movements there has been the occasion, during the week, of much comment as to future plans—whether in England and France they are really for continuance of the war or for an agreed peace at an early date. It is, however, difficult to see even now what England and France can gain by peace, without greater loss than they would sustain by an ultimate military defeat. They appear to be able to resist attacks indefinitely on the western front, even if they cannot invade Germany. They still control the sea and vital supplies.

WEAVING DEMONSTRATED AT COUNTY FAIR

One of the most interesting exhibits at our school fair was the WPA Training Work Center's Weaving.

The loom used was a model made by Mr. Gevedon, NYA Supervisor, of his grandmother's, which is over a century old.

This loom which is the four treadle type, as explained to us by the weaver, has been set up for many different articles, among them—coverlets, place mats, rugs and dress materials.

Various articles on display which especially were interesting were the pleated draperies made on the diagonal weave; scatter rugs of burlap sacks made with plain weave and place mats using the herringbone weave.

We were all cordially invited to visit the Training Work Center to see the process by which each pattern was started in the loom.

Correction

J. D. Engle, Jr. won the first prize in high school poetry at the Morgan County School Fair, September 22. The poem was printed in an issue of the paper but the caption "First Prize" was placed over the wrong poem. We wish to make this correction so that J. D. may receive his due credit.

P. T. A.

The Parent-Teachers Association met for its regular monthly meeting Monday evening in the school auditorium and was called to order by the president, Mrs. C. K. Stacy. The other officers were all present.

The meeting was opened by singing "America The Beautiful" led by the band instructor and the fourth grade. Mrs. W. A. Caskey led the devotional, reading from Psalms.

The captains of the Membership campaign were requested to report at next meeting.

W. O. Pelfrey, chairman of the finance committee, suggested as means of making money, a band concert, father and son banquet, P. T. A. play and radio stars. It was voted to have a band concert as the first program of the year and later a father and son banquet.

The program was carried out as published. Every number was good and deserves special mention, but especially the singing by the fourth to seventh grades, inclusive. They have been well trained. Miss Jean Whitt has a sweet voice. The reading by Dewey Gear was a fine selection and well delivered. The address by Rev. Clay was well thought out and the good points brought out are instructive to both teachers and parents.

There was a large attendance of parents, many coming some distance. Every teacher with the exception of one high school teacher was present.

The committee had selected as prizes: 1st-6th grades, a canary; the other two prizes were pictures.

The vote was taken and the prizes went to the following rooms: Miss Cox, 6th grade; Miss Whitt and Mrs. Nickell. The picture of the Madonna offered as a general prize, went to Miss Carter's room.

The hospitality committee treated to candy.

There were other improvements, such as railroads, bus lines, and concrete highways.

Dr. Nickell and Justin Rowland took T. H. Caskey to Lexington on Monday afternoon to see his daughter Nell, who is in a hospital there. Nell's case of pneumonia has passed the crisis, and other conditions are better, but her heart is still in a weak condition. The deep sympathy of the entire community goes out to Mrs. Caskey, who also is with her daughter.
